“A FIVE STAR SCHOOL WHERE EXCELLENCE IS THE STANDARD” Character, Leadership, Citizenship, Wellness and Scholarship

Ferguson-Easley Elementary School Media Center

Most American millionaires start out by attending public schools. Four of Miss Palmer’s 4th graders have intentions of becoming millionaires when they become adults. They are off to a great start by competing in the North Carolina Council on Economic Education’s (NCCEE) Stock Market Game (SMG). The NCCEE’s SMG is an academic competition that teaches students skills to help them to make informed economic and financial choices. Tia, Myasiah, Aniya and Lori-Ann work as media assistants and were coached by Ms. McClellan and Ms. Gibbs in this academic competition. This all girl team competed against over 21,000 others in the SMG. They placed third in the Eastern Region 2017 Stock Market Game and were honored on May 19th in Greenville, North Carolina by the NCCEE during their 31st Annual Awards Banquet. NCCEE Executive Director, Ms. Sandy Wheat, and NCCEE Executive Board Member, Mr. Blaine Wiles, who represented the North Carolina Bankers Association. Both saluted the team comprised of girls and even asked them to share a tip on which stock to invest in. The team also got to visit East Carolina University while on this educational field trip to Greenville.

The online radio station that we used in May to celebrate *National Chamber Music Month* is located at www accuradio.com. All who entered the media center during the month of May heard chamber music. In June we will use this online station to listen African-American composed/produced/performed music to celebrate National African-American Music Month.

~~~~~  
Over one hundred FEES students were “Caught Reading” during *National Get Caught Reading Month* by Ms. McClellan. Miss Allen, Administrative Intern, saluted these students during the morning announcements.
